MEMORANDUM FOR: MR. WISNER

1. The attached memorandum was written by an Air Force officer who before our duty here, had been my co-pilot on several flights. When telling him "Goodbye" I asked for his comments on his service with us and the memorandum is the result.

2. I am forwarding it to you simply because it represents one sincere individual's impressions, for any value it may have to you. You'll know better than I what is correct about it and what not, but don't try any report to me.
